Representative Small.

So far this is the only statement I've seen from you. If you have anything further, please send it to me.

You stated.

>I came to Congress to address the challenges facing southern New Mexicans – out of control drug prices, health care accessibility, a crumbling infrastructure, and a broken border security and immigration system. I remain focused every day on tackling those challenges with bipartisan solutions. To do that work, I must also constantly act to support and defend the Constitution. Today's vote does just that by laying out a transparent, bipartisan process focused on finding the facts and determining the truth.

Yesterday's vote (232 to 196) is not bipartisan – it is patently partisan right down the line. You claim to know what bipartisan is. Your statement shows you do not. Zero Republicans voted for this farce. 2 Democrats voted against it. Secret meetings in the basement are not transparent and this partisan witchhunt against President Trump is not Constitutional by any stretch.

Why won't Schiff release all the transcripts? What is he hiding? The rules you Dems (and no Reps) approved are written (no lawyers for POTUS until in the Judiciary committee, etc) are only good for constructing a false narrative and for providing optics for media propaganda, not for producing justice.

Here are some real sources of news:

Top GOP lawmakers speak after House passes impeachment inquiry resolution.  
Don't expect to see this on Lame Stream Media FAKE NEWS!  
<https://www.youtube.com/watch?v=l6B0NzrSDs8>

The Whistleblower Exposed. Mr Reagan explores the identity, background, actions and connections of Eric Ciaramella. Dems' loyalty to the DNC outweighs their loyalty to America. Not only disturbing, dangerous.

Mr Reagan Reads the Trump Transcript. Does this conversation make a strong foundation for an impeachment inquiry? You'll need to decide for yourself. #ReadTheTranscript

As for your other points, you could have lower prescription drug prices today but Speaker Pelosi won't bring those bills to the floor because she's infatuated with impeachment. Don't blame Trump! It's your Do Nothing Dem hive collective that won't get to work. USMCA! Oh right, you Dems aren't interested in that because too many make good money off of what's wrong with NAFTA. You Dems have written more subpoenas than laws.

Health care accessibility? ACA was broken before it was put in place and everyone knows it. It needs replaced and it will take real bipartisan effort (not the kind displayed yesterday) to fix it.

Infrastructure? Again Pelosi and Schumer are to blame for that deal falling apart. Trump had a couple trillion dollars on the table but you Dems weren't interested.

Border security? Trump is getting the wall up IN SPITE OF your opposition. Open borders means human and drug trafficking, especially child trafficking. Children – when they're parted out or sold for sex slavery, are worth more dead than alive. Your party is the party of DEATH!

You are just another delusional Socialist on your way out. And to help you on your way, I join my voice to those calling for YOUR impeachment! Goodbye!

I am committed to working and gaining as many others as possible to help remove you from office as soon as is possible. Count on it. #NMRed2020

Sincerely,

Neil Girrard
